

CORONAVIRUS – WE ARE OPEN AS USUAL

Dear All,

As the impact of COVID-19 continues to be felt by people and businesses alike we remain vigilant and ready to adapt, closely monitoring and following the guidance from HM Government during this time of public health emergency:

<https://www.nhs.uk/conditions/coronavirus-covid-19/>
<https://www.gov.uk/coronavirus>

We remain open as usual, there should be no disruption to the services we provide which includes the on-going joint duty of care for the health & safety of temporary workers, the processing of payment for temporary worker services and the ability to provide clients with the additional resources that are required at this time to support our critical sector:

TRANSPORT; *This includes those who will keep the air, water, road and rail passenger and freight transport modes operating during the COVID-19 response, including those working on transport systems through which supply chains pass. (source: gov.uk)*

With our staff working from home and the usual sales functions operating via telephone calls and emails, our business continuity plans have proven to be robust & effective this past week, providing confidence and vital assurance to our clients and contractors that we're here and will remain here to support people and businesses.

As before please call should you require any assistance:

Andy Peat - Head of Sales E: andy.peat@clemtech.co.uk T: 07515 396 454
